07 January 2015

Dear colleague

Construction Leadership Council Action One Industry Logo

Decisions made by the Construction Leadership Council in relation to the specification and promotion of industry card schemes

1. Rather than identifying one card scheme, the Construction Leadership agreed that from January 2015 the industry, including trade associations, contractors, clients and government should specify and promote card schemes carrying the CSCS logo with no equivalents accepted.

Card schemes carrying the CSCS logo will meet the following requirements:

- a. The appropriate qualification(s) for each occupation will be agreed between the sector representative organisation and its recognised standard setting body
- b. The minimum standard for skilled occupations is a NVQ Level 2 qualification relevant to the occupation plus a separate health and safety
